You are qualified for a 100% deposit bonus while you create your first-ever real cash deposit at Poker Stars during the qualifying period. To get the bonus amount, you have to enter Poker Stars First Deposit Code after your sign up. You are qualified for a 100% deposit bonus while you create your first-ever real cash deposit at Poker Stars during the qualifying period. To get the bonus amount, you have to enter Poker Stars First Deposit Code after your sign up.

If you cash out any sum from your PokerStars account during the Bonus Period, but previous to creating a qualifying deposit, you are disqualified for the deposit bonus.

Please keep in mind that some bonuses expire and you have to make the necessary Base Frequent Player Points prior to the expiration date to make your bonus. To ensure whether your bonus expires, press the Cashier button in your Poker Stars game software, and then press the button that reads "Check My Bonus Status."

Just the once you create a deposit, you can see your pending bonus in the Cashier window in the Poker Stars software. The number of Base Frequent Player Points (Base FPPs) you should make to gather the bonus can as well be found there. To see these things, press on the "Cashier" button. Just the once in the Cashier window, just press the button labeled "Check My Bonus Status." More details on the FPP program can be found at the Poker Stars Frequent Player Program page.
